OUR MISSION
Helping people triumph over mental illness, alcoholism, drug and other addictions.

ABOUT RECOVERY RESOURCES

Recovery Resources is a trusted partner in the community, providing outpatient programs and services that help adolescents and adults triumph over mental illness, alcoholism, drug and other addictions. Founded in 1955 and based in Cleveland, Ohio, Recovery Resources is your Partner in Health, Partner in Hope. More information can be found online at www.recres.org.
The Circle of Strength was founded in 2014 as a way to unite and engage compassionate and committed women philanthropists who believe in the mission of Recovery Resources. In 2015, the Circle of Strength committed three years of funding to the remodel of the Monarch House, a women’s recovery house owned and operated by Recovery Resources. In 2018, Circle of Strength members chose to fund Casey’s Kids, a youth prevention program established to encourage leadership skills for school-aged children and to teach techniques to resist peer pressure against alcohol and substance use.

More information at recres.org/CircleofStrength

Circle Networking Series

Throughout 2019, Recovery Resources’ Circle of Strength and Circle of Hope will be holding five Women’s Networking events -- Engage. Inspire. Empower! This series focuses on the betterment of our community. When women engage, they inspire collaboration and empower others to be their best self. Dates for the 2019 Circle Networking events dates are still being determined. They will be held at Burke Lakefront Airport.
CASEY COLEMAN 1951-2006

Casey’s Kids was established in memory of Casey Coleman.

Casey Coleman was a legendary sports broadcaster who covered Cleveland’s favorite sports teams and events for more than 25 years. He was known in the community as the voice of the Browns, but to Recovery Resources, he was simply our friend.

As an advocate for recovery, Casey lent his story of addiction with the hope to inspire others to seek help and to triumph over the disease of alcoholism.

WHO ARE CASEY’S KIDS:

Casey’s Kids is a youth led prevention project that helps to build leadership skills in teens and reinforce the decision to be drug-free.

Youth participants are trained to provide education and alternative activities to their peers.

GET THE FACTS

Excessive alcohol consumption is associated with approximately 75,000 deaths every year in the U.S.

23.1 million people need treatment for illicit substance or alcohol abuse — 9.1% of all Americans aged 12 or older.

An estimated 26.2% of Americans ages 18 and older — about 1 in 4 adults — suffer from a diagnosable mental disorder in a given year.

9% of Americans needing treatment for substance abuse are receiving it, leaving 20.5 million people still in need.

73% of U.S. Citizens who are problem gamblers have also had a drinking disorder.

17.9 million people in the U.S. have alcohol dependence or abuse problems. That’s 7% of the population.

recres.org/WhatWeDo

We use evidence-based practices and continually evaluate effectiveness to keep our services responsive to client needs.
Mental Health Awareness Month
May Art Show

To highlight May as Mental Health Awareness Month, Recovery Resources partners with the Cuyahoga County Justice Center to showcase artwork created by artists diagnosed with mental illnesses and recovering from addictions.

Artwork is displayed in all different styles, including paintings, sculptures, canvas, and photography.

The Art Show is showcased in the Justice Center's lobby, and is available for viewing between May 1, 2019 and May 31, 2019 during the Justice Center's open hours.

It’s purpose is to bring attention to the amazing talents of those diagnosed with a mental illness, create awareness, help break the negative stigma around mental health, and offer resources for help.

If you are interested in covering the May Art Show, please contact Carrie Larsen, Marketing and Communications Manager for Recovery Resources at clarsen@recres.org or (216) 431-4131, Ext. 2502. It is with your help, we are able to shine a light on Mental Health Awareness Month and give these artists the recognition they deserve.

For more information, visit www.recres.org/MentalHealthAwarenessMonth.
Run for Recovery

Join us August 17, 2019 for the 7th Annual Run for Recovery.

Run for Recovery is a family-friendly event to celebrate recovery and remember those who have lost their lives to an addiction-related illness. In 2018, Run for Recovery hosted over 700 people to represent the number of Cleveland overdoses in 2017. Through individual, team and corporate fundraising, $113,000 was raised to support treatment.

Run for Recovery is held at the Cleveland Metroparks Zoo, giving runners a fun atmosphere. All 5K and walk participants receive a free ticket to spend the day at the Zoo. There are a lot of family-friendly activities during the event, including a live-animal show, superheroes, and crafts. In 2018, the “We Remember Wall”, was added to the event, which honors lost loved ones.

Run for Recovery has grown every year since its inauguration in 2013. Hosted by the Recovery Resources Associate Board, Run for Recovery is an excellent way to kick-off Recovery Month.

TREATMENT WORKS. PEOPLE CAN RECOVER.

In his early twenties, Danny Marlowe was prescribed a painkiller after a severe auto accident. This spiraled into addiction that took him away from himself and his family and into trouble—but not forever. With his family’s support, Danny went through detox, rehab, stayed with the program and returned to work. Twins Danny and Julie Marlowe are proof that families can be key to a loved one’s recovery. With the right help from Recovery Resources, they worked together to triumph over addiction.

“She was always there for me. Even during my addiction. Would always answer my phone calls. I could hear the disappointment in her voice. She let me know that I need help.”

Interested in covering stories like Danny’s? Contact Recovery Resources Marketing & Communications Manager, Carrie Larsen at clarsen@recres.org or 216-431-4131, Ext. 2502.
