Partners in health. Partners in hope.
“Giving should be entered into in just the same way as investing. Giving is investing.”

Why Choose Us?

Founded in 1955, Recovery Resources’ mission is to help people triumph over mental illness, alcoholism, drug and other addictions. We are a provider of prevention, education, treatment and recovery services for people diagnosed with mental illness and/or addiction.

When you invest your philanthropic support, employee support, and lend your name to our efforts, you make a statement to your customers that you care about the health and well-being of Northeast Ohio. In return for your support, we are committed to customizing a partnership opportunity that will align with your company’s priorities.

Why We Need You?

- Of all drug users, 68.9% are employed and active in the workplace, according to the Substance Abuse and Mental Health Administration (SAMHSA).

- 17.9 million people in the U.S. have alcohol dependence or abuse problems. That’s 7% of the population, according to the Coalition on Drug Abuse.

- An estimated 26.2% of Americans ages 18 and older - about 1 in 4 adults - suffer from a diagnosable mental disorder in a given year, according to the National Institute of Mental Health.

- For every dollar spent on prevention, treatment and recovery, the government spends almost $60 responding to the consequences of substance abuse. Studies indicate that every dollar spent on substance abuse prevention services saves an average of $10 in the long-term, according to SAMHSA.

We Invite You to Partner with Us.

Let us know if you have an interest to learn more about the benefits of sponsorship, employee engagement opportunities, our Employee Assistant Program, as well as a robust catalog of health education courses and expert speakers to address topics in behavioral health, addiction services, prevention and criminal justice.
